N. C. INDUSTRIAL ASSOCIATION.

WARREN COLEMAN. - - President. JOHN H. WILLIAMSON, C. N. HUNTER. . . . Treasurer.

DEPARTMENT A.

North Carolina that they have made arrange- erty. ments to co-operate with the Great Southern Persons owning borses and wagons should moval.

The colored people now have an opportu- wives and children. nity of showing to the world that they are now and will continue to improve their condition mentally, morally and financially. Giving No premium will be given except to praiseout this guarantee to the people, we ask the colored people to back us up in this statement by making an exhibit second to no exhibit, white or colored on the grounds. The man hood and womanhood of the race must be shown. We are now to pass in review after twenty-five years of freedom, and let us show that we are worthy to be free men and women 3 For the largest and best crop of toin this enlightened, Christian land.

Arrangements have been made to have camping grounds near the Exposition grounds where colored people who can arrange to come in covered wagons, may camp for a week or ten days, and we advise all our people who own teams, or who work for white people who will let them use their teams, to fit up wagons with covers and bring your family, your provision, your frying pans and skillets and camp out. In this way it will cost you but very little money; a party of ten can come in one wagon and camp together; get half a dozen wagons together and all start at one time. Many of the white people are going to attend in this way, they have nice grounds specially seranged for them, and the ground of the colored people is well arranged about one mile from that of the whites, on the opposite side of the Exposition enclosure. Save your railroad fare and attend in this way. Recollect that the Exposition managers have arranged 11 for the most interesting amusements ever wit nessed in the South. Every day there will be 12 a grand balloon ascension, where men and women go up from two to four thousand feet and jump from the balloon by aid of umbrella 13 contrivance.

The greatest marksman living has been secured, who will shoot from the top of his assistant's head an apple every day before the entire crowd; he will break ten glass balls thrown up in the air before they can fall to 15 the ground; he will shoot through a finger ring held in the hand of his son.

The greatest horse riders in the United States have been secured and each day races will be given. A man riding two horses at once, standing one foot on each horse at a break neck speed, also the old fashion chariot 17 races. The manufacturing of glass ware, the manufacturing of jugs and pot ware, and many features too numerous to mention, the telling of which would occupy our entire list; so we 19 must close by saying that those white and colored people who miss attending the Exposition will miss the grandest opportunity of their on lives to see the grandest sights.

tivated white people, men and women who will come to the Exposition in their own conveyances and camp out from a week to a month and go into the grounds daily, so as to see the greatest exhibit ever shown in the Southern States. Let the colored people do the same 23 Best bale of cotton, growth 1891, exand save their money to go in the grounds with. For ten dollars you can buy a ticket that will take you in every day for a month, or for five dollars you can buy one that will 26 take you in every day for two weeks, for \$2.75 27 you can get a ticket that will take you into the great show for one week, and for fifty cents 29 you go in for a whole day and see the greatest | 31 marvels of this world, including wild animals from every section of the globe.

Recollect this is a great Southern Exposition where the white and black races of the South 35 have joined issues to show that we live in the 36 best section that God created when he made this world. A section where everything that man and beast can desire or need can be 30 grown, and where is to be found the most precious metals and the rarest of beautiful 40

The best white people always stand by the 42 Negro, they pay them for what they do and the Negro gives the white man satisfaction; 43 this is proven, because the white men say they had rather have the colored race as laborers than any foreign men that can be found.

Go to the Exposition-go soon, and stay a 46 To the farmer exhibiting the most long time; you will only have the opportunity once in your life time.

DEPARTMENTS B AND C.

All entries in these departments must be made between the 15th of September and the 13th of October. All hors s, cattle, sheep and swine must be carried to the grounds not later than Monday and Tuesday, Oct. 12th and

must be cared for by the North Carolina transport NEGP

THE GAZETTE.
